

Individual Homework #2

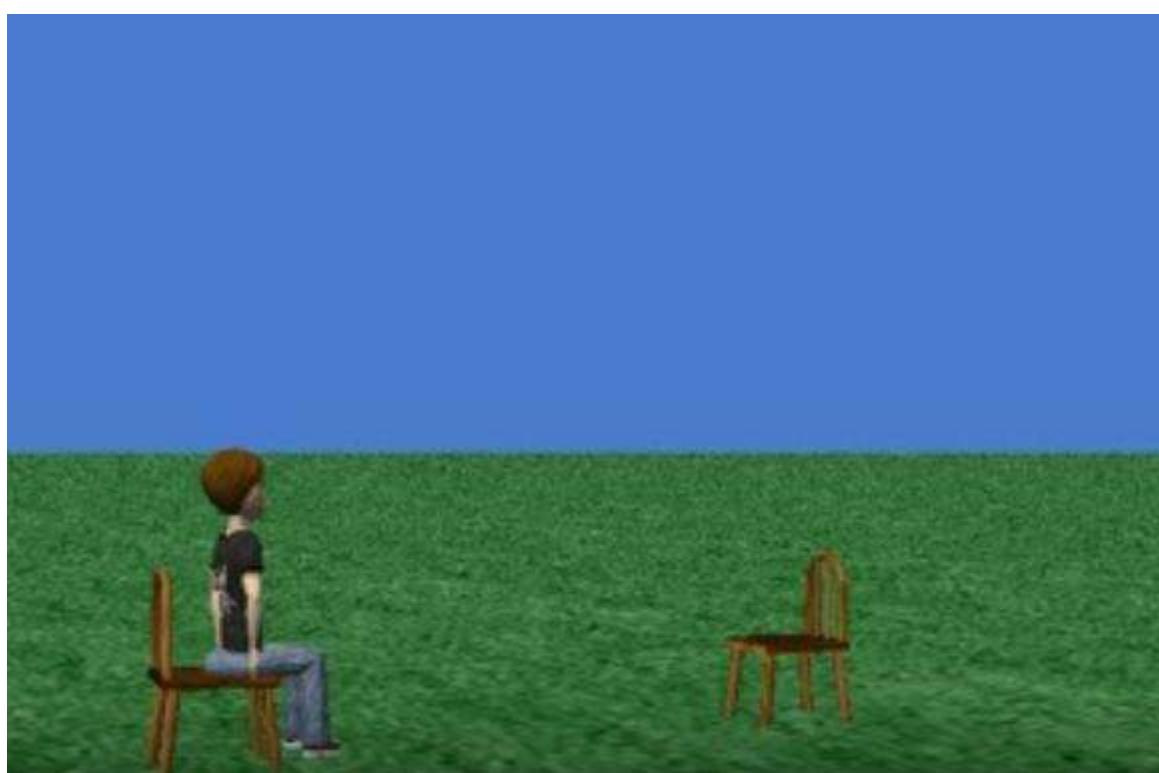

Due Date: 2023-12-13

Develop these 2 activities using Alice 3 Framework:

1. A Teenager who wants to shoot a football:

2. A Boy who stands up from the left chair, moves to the right chair, changes his direction, and sets on it.

IMPORTANT NOTES:

1. No late submissions will be accepted.
2. Solutions to this assignment will only be accepted as a reply to the assignment post on Ritaj ONLY. Any memos other than that will not be accepted.
3. I'm expecting 2 .a3p files from you: one for the first activity, and one for the second activity, so each student must reply with 2 .a3p files with this format:
“<StudentID>-<StudentName>-Activity1.a3p”
“<StudentID>-<StudentName>-Activity2.a3p”

Example:

“1234567-AnasMousa-Activity1.a3p”

“1234567-AnasMousa-Activity2.a3p”

Good Luck
